PHONE: 440.349.4940

The [FBI Cleveland Citizens Academy Alumni Association](http://www.fbiclecaaa.org) (FBICLECAAA) announced Glenn Smith as the organization's new Chairman in late 2019. Smith joined the FBICLECAAA Board of Directors after graduating from the FBI Citizens Academy in 2018 and took on the role of Vice President of Communications soon after.

As the CEO of World Synergy, Smith leverages his company's integrated business services to offer a unique, customized combination of marketing and technology solutions for the FBICLECAAA. Specifically, he has donated in-kind services which have already improved the organization's marketing, operations, and accounting processes by implementing Oracle NetSuite ERP software. The FBICLECAAA will be able to achieve its growth, longevity, and fundraising goals with this cutting-edge program in place.

About the FBI Cleveland Citizens Academy Alumni Association:

The FBICLECAAA is a 501(c)(3) nonprofit public service organization separate and apart from the FBI. The organization was formed in 2004 to promote safer communities in the greater Cleveland metropolitan area through community service projects and by educating citizens and community leaders about law enforcement, with particular emphasis on the FBI. In part, the FBICLECAAA accomplishes their goals by hosting several events throughout the year, including educational conferences, informative seminars, and outstanding fundraising events.
