WHO:

The FBI Cleveland Citizens Academy Alumni Association (FBICLECAAAA) is inviting the public to pay tribute to those who have influenced or inspired them by dedicating an American Flag in their honor. Fifty percent of proceeds will benefit two local charities, Medworks and MedWish, on the front line of the COVID-19 Pandemic by providing essential medical supplies, protective gear, food, and healthcare services.

WHAT, WHEN, WHERE:

Donations, sponsorships, and flag dedications will help create a display of American flags at Edgewater Park in Cleveland, Ohio on Flag Day Weekend, June 12th – 14th, 2020.

HOW:

The flags will also be live-streamed on the [FBICLECAAAA's Facebook page](#), providing an opportunity to observe the patriotic display from anywhere in the world.

If Ohio's Stay-at-Home Order is still in effect, honorees are also recognized year-round in a [Virtual Flag Dedication](#) where they are acknowledged on the interactive Honoree Map at flagsforhonor.org

Honorees may include American military personnel and veterans, law enforcement officers, firefighters, first responders, healthcare providers, mentors, teachers, and any other everyday heroes.

WHY:

The remaining 50% of proceeds will help the FBICLECAAAA cover costs for this event and support its mission of creating safer communities in Northeast Ohio by improving understanding and encouraging appreciation of law enforcement among the citizenry and community leaders, with particular emphasis on the FBI.
